ryanvanderpol.com

Hi! I'm Ryan. I build prototype web/mobile apps and products for early stage startups, small businesses and Fortune 100 companies. I opened a brewery in Seattle and am one of the founders of the NYC Spirits Society.

Experience

- Now ● **CTO**
Nov 2014 [Programax | New York, NY](#)
Using technology to help coaches be more effective and efficient in running their athletic programs focusing on increasing individual player development, simplifying communication and optimizing coaching continuity from grade school through Varsity levels
- Now ● **Cofounder & Product Architect**
October 2014 [POURWALL | Seattle, WA](#)
Combining two of my favorite things (technology and beer) this startup has allowed me to explore new technologies and continue honing my product design skills all while serving an industry that is ripe for innovation.
- October 2014 ● **CTO & Product Architect**
June 2013 [PlaceFull | Seattle, WA](#)
At PlaceFull, I led product design, managed the dev team, architected scalability improvements, designed the infrastructure (AWS) and transaction security, contributed to feature development and built mobile apps. I also led sales and marketing strategy discussions and acted as a business advisor.
- Nov 2016 ● **President, Board of Directors**
Sept 2012 [Flying Bike Cooperative Brewery | Seattle, WA](#)
This was my passion project. I ran a 1,500+ member cooperative brewery and have had my hands in everything from strategic business development, to lease negotiation, to brewery design.
- May 2013 ● **Product Development Lead**
Aug 2012 [X2Biosystems | Seattle, WA](#)
X2 is a Seattle-based startup that builds biometric devices using accelerometers and gyroscopes to conduct sports-injury impact and concussion detection. I ran the development of the web-based portal for managing impact data, team and player rostering.
- Aug 2012 ● **Sr. Product Lead**
Nov 2008 [Promethean | Seattle, WA](#)
This role started as Development Lead for an education startup, SynapticMash, which I helped grow and see through an acquisition. I ran product design and architecture and managed a team of 10+ developers and managed projects with Fortune 500s.
- To Infinity! ● **Not bored yet? I've done a lot more than what you've read here...**

★ Projects

- **NYC Spirits Society**
[New York, NY](#)
Co-Founder
- **Power of U**
[McGraw-Hill | New York, NY](#)
